### **SECTION B: RESPONSE TO BIDDERS QUERIES**

#### **Query A: Number of Units to be installed**

*Please provide the Number of Units to be installed in the fleet management units*

#### **Response A: Number of Vehicles**

*To avoid ambiguity, we understand that by "number of units", the bidder means "number of vehicles". Please refer to Query A and Response A of Addendum No. 1. A chart showing the numbers was issued.*

#### **Query B: Vehicle Models and Registration Numbers**

*Please provide Models of the vehicles and the Registration numbers of each*

#### **Response B: Vehicle Models and Registration Numbers**

B-1: See Response A above to answer on the Models of the vehicles.

B-2: We cannot release the Vehicle Registration Numbers at this juncture but the winning bidder will be provided with the data.

#### **Query C: Location of Vehicles**

*Please provide Location of the Vehicles*

#### **Response C: Location of Vehicles**

The Vehicles are provisionally located at the KISCOL project site and its environs. KISCOL is located in Kwale County at the Kenyan South Coast.

#### **Query D: Driver Details**

*Please provide the appointed driver for each vehicle, Name and I/D*

**Response D: Driver Details**

We cannot release the Drivers details at this juncture but the winning bidder will be provided with the data. KISCOL advises that, except for very specialized vehicles and machineries, drivers are allocated duties on a need-by-need basis.

**Query E: Chassis Number and Engine Ratings**

*Please provide the Chassis Number of each vehicle and the Engine ratings*

**Response E: Chassis Number and Engine Ratings**

We cannot release the Chassis Number and engine rating details at this juncture but bidders are advised that, for data field entry relevance, standard formats for the vehicle details provided in Addendum No. 1 should be used as a guide. Full and complete details will be issued to the winning bidders.

**Query F: Fuel Consumption Details**

*Please provide the General specifics of fuel consumption details in liters per 100 Km. Please note that vehicles may be of same make and model but the consumption differs. This information has to be empirical and specific for each vehicle.*

**Response F: Fuel Consumption Details**

This information is currently unavailable to the level of specificity that the bidder requests. It is envisioned that the proposed system will enable the capture of the requested information. Bidders are advised to provision for this information using the vehicles makes and types provided in Addendum Number 1.

**Query G: Fuel Consumption Details**

*Please clarify on the items underground tanks, Pumps and Generators is it part of these tender. I suppose the tender is for your fleet of vehicles*

**Response G: Fuel Consumption Details**

G-1: The items were provided in Addendum No. 1 at the request of a bidder. KISCOL advises that relevance for the query can be drawn from the technical specifications section of the tender document whereby Underground tanks, Pumps and Generators are all part of the fuel use cycle for the project.

G-2: Bidders are further urged to carefully read and understand the tender document in its entirety before submitting a bid.

**SECTION C: AMENDMENTS**
